

# VERSATILE & LIGHTWEIGHT DESIGN

The Kru XF is ideal for coastal sailing & general watersports. This durable but extremely comfortable and lightweight lifejacket offers the user both safety and comfort whilst out on the water.

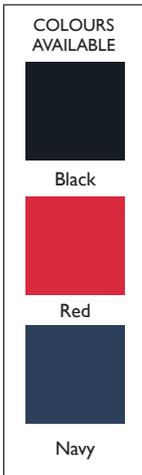

The Kru XF has been designed with Wave Barrier technology:

1. Wave Barrier technology delivers sub 5 second super-fast turn speed
2. The wearer is placed on their back keeping airways raised above water
3. The interlocking bladder blocks the flow of water into the wearers airways, massively reducing the risk of secondary drowning

# XF

## KEY FEATURES

- Easy front donning
- Side adjustment for bespoke fit
- Stainless steel D-ring for safety harness (harness version only)
- Single crotch strap eliminating ride-up
- Durable outer cover
- Wave Barrier technology
- 33g cylinder

## Approval

ISO Approved

## Buoyancy

170N

## Chambers

Single
